UCD MSC PROJ's Weekly Summary

Monday, July 6th - Sunday, July 12th

Hope you had a good weekend! Here's a summary of what happened on your team last week:

Your team sent a total of **333 messages** last week (that's 238 fewer than the week before). Of those, **21% were in channels** and **79% were direct messages**. Your team also uploaded **8 files** (that's 17 fewer than the week before).

Looking for more stats? Check out [your team's stats page](#).

Your team only sent 2 emoji last week! Try out more this week, they're fun.

Your team has 2 owners: Garry Davitt and Neil Grogan (primary owner). **Your team has 3 admins:** Igor Berdnikov, Kevin Kennedy, and Larry. In total there are **5** people on your team.

Remember: it's important to [keep the list of owners and admins up to date](#) since they control your team's settings.

Your team is on Slack's **Free Plan**, which is free for unlimited users for an unlimited time. Interested in unlimited archive access and integrations, single sign-on, custom data retention, and more? [Check out our paid plans](#) to learn all about it.

Want to get the most out of Slack? Here's a tip:

While you might appreciate that we don't charge you for inactive users, being the owner of a large team might mean you don't appreciate getting emails **every single time** we adjust your billing. [Switch to a monthly summary](#), just like that: Magic!
